

VERKADA OVERVIEW

Security That Fits Your Needs

Verkada makes video security limitlessly smart, scalable, and simple to use. Organizations of all sizes choose Verkada to bring greater awareness to their physical spaces.

Improve Operational Efficiency

Powerful, edge-based analytics designed to bring simplicity and speed to investigations across your entire organization.

Filter-Based Search

Quickly filter footage across cameras by time and date, or with intelligent insights like clothing, color, face matches and vehicle make.

Event-Driven History

Instantly see any moment where people or vehicles were detected in frame, bringing greater speed to finding meaningful footage.

Simple Sharing

From any device, instantly share a link via SMS to live camera feeds with first responders or export and email MP4s for seamless sharing.

Ready to get started? Contact your local reseller partner to begin your risk-free 30-day trial.

The New Standard for Enterprise Security

01 Simple to Install

All that's needed is a PoE connection. No NVRs, DVRs, or servers — ever.

02 Unlimited Scale

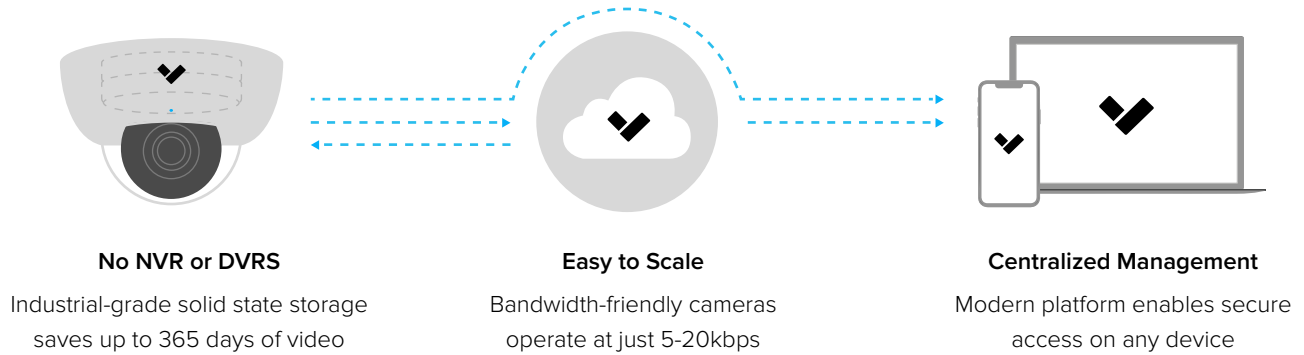

Manage any number of cameras and sites from a centralized platform.

03 Always Secure

All footage is secured with industry-leading end-to-end data encryption.

Hybrid Cloud Security Solution

Security Cameras

DOME SERIES

Built for durability, Verkada's Dome Series delivers enterprise-grade security in a wide range of options for any indoor or outdoor environment. Each dome features a discreet vandal-proof design, simple installation, and 8x more processing power than the previous generation.

MINI SERIES

Designed for flexibility without compromising on image quality, Verkada's Mini Series delivers enterprise-grade security with powerful performance for advanced edge-based analytics. With minimal form factors, Verkada mini cameras are perfect for high-traffic indoor environments.

FISHEYE SERIES

Verkada's fisheye captures footage in a dynamic panoramic 180°, with options for wide-viewing angles or breaking down any area into quadrants. Capable of being mounted inside or outside, this camera is suitable for any number of surveillance needs.

BULLET SERIES

Verkada's Bullet Series delivers enterprise-grade security with leading edge-based processing and onboard storage in a new, bold form factor. Built to withstand the toughest environments, the Bullet Series features a sealed aluminum housing, ensuring cameras stay protected with an IK10 and IP67 rating.

Industry-Leading Warranty

Verkada offers a 10-year product warranty included with the purchase of your Verkada system.
