## Highly reliable

### **The Elevate voice network is purpose-built for reliability**

- East and West coast datacenters provide redundancy and minimize latency
- Stringent prequalification guidelines and proprietary VoIP network testing help ensure a reliable connection and crystal-clear voice quality

## Simplified scaling & management

### **Elevate scales according to the needs of any business**

- Order service according to the number of users or resources needed today; pay only for what is used
- Ordering additional service is easy and can be spun up quickly
- Scales to a large number of users per business

## Increased productivity & collaboration

### **Elevate makes a more productive and efficient workforce**

- Mobile devices interact seamlessly with the corporate phone system
- Anywhere, anytime, and on any device, creating a more flexible workforce
- Video conferencing and screen sharing empowers collaboration in real time
- Cloud file storage and sharing helps keep documents organized and secure

## Business continuity

### **Ensure that you never miss an important business call**

- The Elevate mobile app has full business phone functionality to be used in the event that desk phones become unavailable
- Cloud based systems are immune to local outages. Elevate will try all user devices, then dial phone numbers like cell phones, hunt groups, or other auto attendants.

## Lower cost

### **No hardware to buy, install, manage, upgrade or replace**

- Lower infrastructure and operating costs compared to traditional phone service
- Reduces infrastructure and operating costs; no additional hardware to buy
- Consolidates voice and data onto one network
- Flat, per-user rates with unlimited domestic local & long distance calling

## DESKTOP PHONES

- Easy-to-use interfaces, rich audio quality and productivity features
- Phones are pre-programmed to work seamlessly with Elevate
- Phones are plug and play, and can be used anywhere there is an internet connection\*

# ELEVATE PRODUCTIVITY FEATURES

## Elevate Desktop App

The Elevate Desktop App is a free downloadable application for both Mac® and PC. It empowers employees with the flexibility to communicate the way that works best for them: Softphone Mode, or Call Controller Mode.

- Click to call a company contact from the corporate directory
- Displays line status (presence) of company contacts
- Call Flip transfers the active call from the desktop to one of the user's other devices
- Show multiple concurrent calls, and lets the user switch from call to call
- When used in conjunction with Online Meeting, can start an HD video conference or screen share with just a click

## Elevate Mobile App

The Elevate mobile app enables a mobile device to become a communications endpoint for the Elevate service. Employees can now call or receive calls through the corporate phone system and utilize enterprise-level calling features, no matter where they are.

- All the most important features of your desk phone, right on your mobile device
- Call Flip sends calls directly to your *desk* phone – without disconnecting your call.
- Rings your desk and mobile phone simultaneously - no more missed calls.
- Includes voicemail transcription, as well as on-screen voicemail management.

## Video Conferencing & Screen Sharing

Elevate includes Online Meeting, an easy-to use, reliable video collaboration tool. Includes:

- HD video conferencing eliminates unnecessary travel and empowers teams with remote members to be more productive.
- Screen sharing. The computer desktop can be shared with team members in real-time, improving collaboration and speed of decision making.
- Includes a conference dial-in number, and custom URLs for meetings.

## File Sharing & Security

File sync and share with backup for desktops, mobile devices, and file servers.

- The most current version of files from any device
- Easy and secure file sharing
- Integration with Windows file server, Exchange Email, Active Directory, Outlook, Office, and Office 365
- Full control over files, users, devices, and sharing activities
