

UNIFIED COMMUNICATIONS

- ▶ Concerned your business is **missing calls**?
 - Do you know what those calls are about?
 - Sales? Support? Billing?
 - Do you want to answer all of your customer calls but don't have the time?
- ▶ Tired of using **multiple communication solutions** and would like to consolidate to one simple cloud solution?
- ▶ Are you experiencing **poor call quality**, service, support, and uptime?
- ▶ Are you worried your **remote workforce** does not have the communication tools to work effectively?
- ▶ Are you spending too much money on your current phone system?
 - Would you like to reduce your infrastructure and **"consolidate to one simple phone bill"**?
- ▶ Is your **company growing**? If so, are you looking for a phone solution that will easily grow with you?

Is your business struggling with one or more of these business phone issues?
Contact Fisher's today to learn how our Unified Communications program can fit into your IT game plan!

Fisher's is e-rate and GSA schedule friendly. We have a team to help you if you're a state, local government, education, or non-profit organization.
