FOR IMMEDIATE RELEASE

2021 Best Places to Work Inland Northwest

October 10, 2021 – Fisher's Technology, 7322 E Broadway Ave, Spokane Valley, WA 99212

Fisher's Technology was recently named as one of the Best Places to Work Inland Northwest. The sixth annual list of the Best Places to Work Inland Northwest was created by the Journal of Business and Best Companies Group.

This survey and awards program was designed to identify, recognize, and honor the best employers in the Inland Northwest, benefiting the region's economy, workforce, and businesses. The list is made up of 39 companies. Fisher's has been named one of this year's Best Places to Work Inland Northwest.

To be considered for participation, companies had to fulfill the following eligibility requirements:

- Be a for-profit, not-for-profit business or government entity
- Be a publicly or privately held business
- Have a facility in the Inland Northwest region (Spokane, Pend Oreille, and Stevens counties in Washington State; and Kootenai and Bonner counties in Idaho.)
- Have a minimum of 15 full-time or part-time employees working in the Inland Northwest
- Be in business a minimum of 1 year

Companies from across the region entered the two-part survey process to determine the Best Places to Work Inland Northwest. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems, and demographics. The second part consisted of an employee survey to measure the employee experience. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration and survey process, analyzed the data, and determined the final rankings.

The list-making companies will be honored at the Spokane Convention Center with a celebration awards ceremony on October 6. The rankings will be published in the October 7 issue of the Journal of Business.

For more information on the Best Places to Work Inland Northwest program, visit www.BestPlacestoWorkINW.com.
