FOR IMMEDIATE RELEASE

**TERRELL'S OFFICE SOLUTIONS WITH LOCATIONS IN BOZEMAN AND BILLINGS  
 WILL BE ACQUIRED BY FISHER'S TECHNOLOGY ON MAY 2, 2022**

**May 2, 2022** – Fisher's Technology, #1 Office Equipment and IT Services provider as voted by the Idaho Business Review, is excited to announce its continued expansion within Central and Eastern Montana. Fisher's, who has been providing service in the Bozeman and Billings markets for over 5 years, has acquired Terrell's Office Solutions as of May 2, 2022. Fisher's also has Montana locations in Missoula, Great Falls, Helena, and Butte.

Fisher's is similar to Terrell's with offerings in copy/print technology and is also well-aligned in that their top priority is customer experience. Fisher's also provides managed IT services, telephone systems, and document management solutions as well as a larger portfolio in production print and managed print services.

Fisher's and Terrell's teams will merge at Terrell's Bozeman, MT location (215 Haggerty Ln, Bozeman, MT 59715) and Terrell's Billings team will be moving into Fisher's Billings location (2404 6th Ave N, Billings, MT 59101). Terrell's Office Solutions is expected to be rebranded to Fisher's Technology July 2022.

"We could not be more excited to grow and serve the businesses and communities of Bozeman and Billings. Montana is a truly amazing place with thriving, innovative companies that deserve high performing technology supported by a high-quality service team. Fisher's top priority is ensuring that the Terrell's customers experience the same great service as they always have. Like Terrell's, Fisher's mission is to make our customers extremely happy with their office technology, all while having fun in the process" states, Chris Taylor, Fisher's CEO.

"It was not easy selecting a company to acquire Terrell's Office Solutions, but after meeting the Leadership Team at Fisher's Technology, I felt 100% confident that Terrell's Office Solutions made the right choice and that our customers and all the employees are in great hands", says Phil Angell, Terrell's CEO/President.
