

HP Color LaserJet Professional CP5225 Printer series

Ideal for 3-15 users, this versatile printer lets you easily print on many paper types and sizes.

Gain control of your printed documents and make an impact when communicating. One versatile printer covers all your printing needs from general office to oversize documents.

HP Color LaserJet Professional CP5225n Printer

HP Color LaserJet Professional CP5225dn Printer

Affordable A3 printing

- Now you can handle all your business printing and A3 output in your own office using a single printer. Print everyday business documents, marketing materials and wide-format projects at an affordable price—often less than printing at a copy shop.
- Easily print on different types of paper—plain, premium, and glossy—with adjustable paper trays. The printer supports sizes from 3 by 5 in up to 12 by 18 in and weights up to 220 g/m².
- Use the HP Print Cost Estimator—available in the included HP Print View Software—to compare the cost of printing internally versus at a copy shop.¹

High-quality output on a range of documents

- Make an impact by putting your business in the best light. Using in-line printer architecture, four colors are aligned and applied in a single pass for reliable, accurate print quality.
- HP ImageREt 3600 is image resolution technology that creates smooth colors, sharp images, and crisp text. Original HP cartridges with HP ColorSphere toner deliver consistent, print shop-quality results for professional office printing.
- Achieve consistent results at speeds of up to 20 ppm and a first page out in as fast as 14.5 seconds.
- With Instant-on Technology warm-up time from Low-power mode is up to 50% faster. In fact, your print job may be finished before many printers have started printing.²

Easy to use, share and maintain

- The printer's control panel is intuitive and instructive. Networked models are easy to share, and it's a snap to replace and order supplies.
- Access the technology, services, solutions, and support you need to manage and grow your business with HP Total Care.

³Values subject to change. See <http://www.hp.com/support> for current information. Power numbers are the highest values measured using all standard voltages.

⁴Declared yield value in accordance with ISO/IEC 19798. Actual yields vary considerably based on images printed and other factors. For more information, visit <http://www.hp.com/go/learnaboutsupplies>

⁵For information on cartridge page and photo yields, see <http://www.hp.com/go/pageyield>

⁶Configuration tested: base model, simplex printing, A4 paper at an average of 20 ppm. Values are subject to change. For current information see <http://www.hp.com/support>.

⁷Exact speed varies depending on the system configuration, software application, driver and document complexity.

⁸Exact speed varies depending on the system configuration, software application, driver and document complexity.

⁹Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs.

¹⁰HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

¹¹HP SureSupply alerts you when your print cartridge is running low and helps you purchase online or locally through HP or a participating retailer. Only available with Original HP supplies; Internet access required. To learn more, visit <http://www.hp.com/go/SureSupply>.
