Meter Readings

Meter readings are required for invoicing your service contract with Fisher's. The meter readings are due each billing cycle within 5 days of the invoicing date.

To make it as easy as possible for you, we have several methods by which we can collect meter readings.

AUTOMATED READINGS

Fisher's utilizes KPAX software from ACDI, Inc. to automatically collect meter readings off any device connected to your network. This eliminates the need for a person to collect the meter readings each billing cycle. Even better news, no personal or user data is collected with the software!

Click Here To view the KPAX Data Collection Officer Security Notes.

E-INFO WEB PORTAL

If you have provided Fisher's with a Meter Reading contact, Fisher's billing system will send you an email each billing cycle with a link to our E-Info website. Just click on the link and enter the meter readings for each of your contracted Fisher's devices.

*If you have any questions or concerns regarding meter readings and/or invoicing, please contact the Meters Department at:
