PANELISTS

JON EVANS, President & founding partner of North Fork Builders, a prominent construction firm in Bozeman since its establishment in 2008. With a discerning eye, Jon oversees a variety of projects, from iconic landmarks like the Lark Hotel to rustic lodges and contemporary chalets. He prioritizes professional development, offering apprenticeships and training programs to cultivate talent within the industry. Jon's dedication extends beyond projects to building careers, fostering a culture of excellence and camaraderie among the team.

NICK RUNYON is co-founder and CEO of MagDrive Technologies based in Bozeman. MagDrive is on a mission to capture 100% of fugitive emissions from industrial valves used in oil and gas, aerospace, and more. Previously, Nick was Chief Marketing Officer and CEO of PFL Tech, a marketing technology software and printing company serving some of the biggest brands in the world. Nick is a dedicated husband, father of 5, and has served more than 150 non-profit organizations in over 40 countries by providing marketing services and training for their teams.

CHRIS ODEGARD grew up on his family's ranch in remote northeastern Montana and came to Bozeman to attend Montana State. During college he took a part time job at Big R, which is now Murdoch's Ranch & Home Supply. That part time job turned into a 22 year career as he created & supported high-performing teams to help Murdoch's grow to its current 43 stores & 3 distribution centers in 6 states with over 2,500 team members. Chris currently serves as part-owner and Chief Merchandising Officer overseeing all aspects of product, supply chain and marketing.
